

January 24, 2018

Dear Primary Care Clinicians:

Children's Telephonic Psychiatry Consultation Service (TiPS) is proud to announce that we will be hosting our second Pittsburgh Behavioral Health and Pediatric Primary Care Conference.

Friday, March 23, 2018
Wyndham Pittsburgh University Center
100 Lytton Ave.
Pittsburgh, PA 15213

At the completion of the program, participants should be able to:

1. Discuss primary-care based selective serotonin reuptake inhibitor (SSRI) protocol for the treatment of anxiety and depressive disorders in children and adolescents. (SSRI Initiation Protocol in Primary Care)
2. Recognize ways to support adolescents with substance use disorders and their families. (Sage's Army)
3. Describe new medications for ADHD. (ADHD I and ADHD II)
4. Explain American Academy of Pediatrics recommendations for Social Media use in childhood to educate professionals about how children are using social media. (Families and Digital Media)
5. Screen for eating disorders in primary care and recognize when to refer for a specialized evaluation of an eating disorder. (Eating Disorders)
6. Support patients and families during treatment for an eating disorder. (Eating Disorders)
7. Access psychiatric consultation through Children's TiPS.

Registration:

Conference registration is now open. There are no fees to attend or to receive CME credits. If you are registering after March 16, 2018, please contact Nancy Mundy at mundynl@upmc.edu.

Please go online to <https://upmc.asapconnected.com/CourseDetail.aspx?CourseId=160819> and complete the registration form, or complete the form in this registration packet and return it as soon as possible to Nancy Mundy (address is on registration form). **Breakfast, lunch and continuing education/medical credits included.**

What is Children's TiPS?

Children's Hospital of Pittsburgh's primary care network, Children's Community Pediatrics (CCP), has been selected by Pennsylvania state officials to take part in a new program to improve behavioral health treatment for children in the state.

TiPS is a program designed to increase the availability of peer-to-peer child psychiatry consultation teams to primary care clinicians (PCCs) who are prescribers of psychotropic medications for children insured by Pennsylvania's Medical Assistance programs, Children's Health Insurance Program (CHIP), and UPMC commercial insurance. The program aims to provide real time resources to clinicians who desire consultative advice for children with behavioral health concerns.

If you have any questions, please call Colleen Gianneski, LCSW at (724) 933-3912, ext. 272.

Sincerely,
Children's TiPS
Conference Planning Committee

COURSE DIRECTOR

Abigail Schlesinger, MD

Medical Director, TiPS
Clinical Director, Behavioral Science Division
Children's Hospital of Pittsburgh
